Part B for

SUBJECT

Construction of a building for a town hall at Gowribidanur

WD 0142—GPB—50 000—10 6 57

B

7954

From the D.C Kolar Dist
No A5-C 1179 42-8-17 / 63

Sir I have the honour to state that the Gobichettipalayam municipal council proposed certain alterations and improvements such as raising the basement level, construction of a hall and two rooms on the west side of the town hall originally estimated to cost Rs 13,740 but that the revised cost would be about Rs 26,960/ and that an alternative estimate for Rs 21,000 has also been forwarded by the Ex Engr and requested in the circumstances stated sanction to the revised estimate and to a Govt grant of Rs 6850/ by a remedy of the excess cost the other half being met out of the municipal funds as the alterations are stated to be quite necessary

I 6,960 / 13,740 / 13,700 / 11 / 600 -
II 21,000 / 13,740 / 7,260 / 11 / 3630

1) The D C's Solicitor's orders are requested to authorise the Ex Engr, Kolar to proceed with the work, keeping expenditure to the revised estimate to be sanctioned later on

2) It is not clear from the P.W.D. Secretary's letter of the two revised estimates is proposed to be adopted and on what basis a Govt grant of Rs 6850 has been asked for. ~~on the actual Plans & details called for further information if any for orders~~ It is for orders if the information may be called for with a request to forward the revised estimates also

Feb 1917

JAM 19/2) The estimate for the construction of the Town Hall & Municipal Office is sanctioned for Rs 13740/- to be met by the Govt the Municipal Council & Local Fund

The work has been commenced and the building raised to the basement level ~~three feet~~ ~~and levels~~ At this stage the Municipality have desired that the basement level be raised by another three feet more that two rooms & a hall on the rear be continued. The result of these proposals is that a revised estimate for Rs 26,940/- has to be prepared & the cost would be almost double the original cost. The Executive Engr. is also stated to have furnished an alternative scheme for Rs 21000/-

4) The Divisional Engineer recommends that the scheme costing Rs 2,940/- may be approved, although it involves additional cost and requests Sanction (1) to new plan estimate for the work already (2) to sanction a grant of Rs 6850/- (as 50%) for the purpose of this Town Improvement Fund as first grant and to authorise the Executive Engr to pursue the work without waiting for sanction of the revised estimate. The Municipality have also agreed to meet the other half of the cost.

5) It may however be pointed out that the cost is Rs 26,940/- too high for a small Municipality like Coimbatore. Perhaps the alternative scheme estimated to cost Rs 21000/- may be approved, the hall & the rooms being constructed later on when funds become available.

WD 1140—GPB—50 000—5-11-42

Scheme is accepted the Govt would have

half the excess with original cost is 21000
13760 or 7260/2 with 3630/- as first part
on addn of the scheme put Rs 26,900/- is
accepted, the addl grant to be paid would come
upto Rs 6850/-

b) In the above circs it is for orders
as to which of the above schemes might be
accepted

Law Secy
27/7/63

7) The basements may be
raised & the building may be
constructed according to the
original plan The question
of additions may be
taken up after the
return of normal times
The estimate for Rs 21,000/- may
be sanctioned

8) Sanctioned & returned

27-7-63

9) The plan and estimate for the building
as sanctioned and as modified for Rs 21,000/-
may kindly be sent for reference.

Chief Engineer

Continuation Sheet — File No / Current No

10) Returned, with compliments, to the Secretary to Government, P W Department

40 177
1 10 43

11) The original sanctioned plan and estimate for Rs 13,740. together with the revised abstract estimate amounting to Rs 26,940/- are enclosed for reference

Encls 1 file 1 plan 1 E

P W. Secretariat Date 4/10/43

12) The alternative proposal costing Rs 21,000/- comprises the deletion of the basement floor, and mere filling up of the gap to the present basement level, and completing the remaining portion of the building as per sanctioned proposals Details for this alternative proposal are noted below.

1	Amount of the estimate as sanctioned	Rs 13,740/-
2	Raising of basement to the present level and filling in the gap	2,200/-
3	Excess due to tender	3,500/-
4	Extra establishment, tools and plant charges and petty excess here and there due to other reasons	1,300/-
		Rs 20,740/- or
		Rs 21,000/- in round figures

13) The detailed modified estimate for the alternative proposal costing Rs 21,000/- has not been prepared by the Executive Engineer, Kolar Division, as he is awaiting the opinion of the Deputy Commissioner, Kolar District, on the revised estimate for Rs 26,940/- sent by him

Secretary to Government P W Department Date 15/4/43

15/4/43

14) In view of Chief Engineer's note, the proposal in para 7 is for consideration

15) As per details given by the Chief Engineer in para 12 above, Rs 21,000/- will cover all the items except the Cellar rooms and this is in accordance with [illegible] of the Law Secretary

16) [illegible]

[illegible]

[illegible]

17) [illegible] as per the para

8/10/43

SECT. LAW DEPT. 3695 GOVT OF MYSORE

~~subject~~

From The [illegible] Co Ltd Calcutta
No C 1179 dt 14 10 43
Requesting early orders in the matter for the increase stated therein

18) subject to the original estimate sanctioned for Rs 13,740/- the revised estimate for Rs 21,000/- as ordered at paras 7 and 17 supra may be sanctioned

5)

Then the excess in this respect, of an estimate for Rs 21,000 as sanctioned amounts to Rs 7,260 (Rs 21,000 – Rs 13,740) which (the excess cost) was proposed to be met by the govt and the local bodies in equal proportions – (i) the govt share } the excess cost amounting to Rs 3630/- may perhaps be met from the T D grants for 1943-44

B

A – as for approval
B — as for orders

Mr Jan 25/10/43 (2) The revised estimate now available gives the following figures
Rs 26,940 The estimate
Rs 21,000 has not yet been prepared
But details of works Rs 21,000 are furnished in Flag E (revised)

(1) The point for orders is whether the revised estimate for Rs 26,940 – which is almost double that of the original estimate (Rs 13,740) – might be sanctioned or the revised estimate for Rs 21,000 might be prepared & approved

22) If the revised estimate for Rs 210 -is to be approved, then the excess cost will have to be met by the Govt out of the Rs 3630 grant-in-aid sanctioned for the year 1943-44 for which orders -- refer para 17 of the Memo dtd 1 W-D agrees to para 7 of the notes

32) As

33) Forwarded respectfully with compliments to the Chief Engineer for Roads & Buildings, for favour of sending a revised estimate

WD 01809—GPB—60 000 —25-7-43

From the C E for Roads & Bldgs
~~dated~~ No 8880 dated 12 4 47
returns the H O file on the above subject with his remarks

Flag A / 4) In G O No L 8023-26/M1 47-40-93 dated 10 5 19[illegible] Govt sanctioned an estimate for Rs 13,740/- for the construction of a dam wall at ~~the place~~ Gooribidanur, directing that the cost shall be met both by the Govt & the municipal comm in equal proportions, the Govt share of the cost being to be from T19 grants of 1941-42

35) As directed in the G O the work was entrusted to P W D & was in progress

36) In the mean-while the M1 Council desired that the basement level of the buildings be raised by 3 feet above the level provided for in the sanctioned plan & estimate and also to construct two rooms ~~flats~~ and a hall in the rear the result of these proposals was that a revised abstract estimate for Rs 26,940/- was prepared by the Ex Engr Kolar Divn and proposed an alternative scheme for the work amounting to Rs 21,000/-

Flag B / 37) The D C Kolar Dist was requested that a modified estimate for Rs 21,000/- as suggested in para 3 of Ex Engrs letter No 846 dated 8 3-47 may be got prepared and submitted to Govt

38) The D C instead of submitting an estimate for Rs 21,000/- as directed, submitted an estimate for Rs 27,400/- for the work & the same was sent to the C E for Rds & Bldgs for scrutiny

Flag C / 39) The C E for Rds & Bldgs has returned the file with the ~~follows~~ information as detailed in his letter No 8880 A/12-4-47, which is for Govt personal

10) In the circumstances stated above orders are

i) to sanction an expenditure of Rs by the C & A B, in excess of the original sanctioned estimate which is slightly (Rs 33,253/-13,740/-) Rs 17,327, as per the order of Mr Ramanatha Mudaliar

ii) Sanctioned to the revised estimate for the above work to be submitted later

11) A copy of the letter received from the C E for R B will be sent to the D C Kanchipuram with a request to ascertain the views of the panchayam with regard to the ways & means of finding the balance cost of construction of the drinking well according to the revised estimate & furnish with also ascertained as to the financial position of the P U according to the sanctioned Budget of the P U for the year according to the revised estimate, the cost of the drinking well be more than 25% thus the original estimate sanctioned by the Govt in the year 1941

30/4

from the D C [redacted] Kolar
No A5-C 1179/46-47 D/ 4-7-47,
I furnish the information called for

45) The D C Kolar Dnl states that regarding the ways and means of pushing through the construction of the Town Hall as per revised estimate, the Committee and Council, at their meeting held on 7-6-47, have resolved that the revised estimate for Rs 33,258/- for the work may be accepted and that half the cost of the revised estimate may be met from the municipal funds, provided the work is completed within four months and the contractor should be made to show an progress of Rs 5,000/- every month, since the construction work of the Town building is much delayed

46) The financial position of the municipality as it stood on 7-6-47 is as follows:—

	Rs
Opening Balance on 1-7-46	Rs 1490/-6-1
Receipts upto end of May	Rs 21773-5-7
Total	Rs 23676-6-8
Payments upto end of May '47	13146-7-5
closing Balance on 1-6-47	23529-15-3

47) In addition to this it is reported that the municipality has deposited in the Savings Bank a sum of Rs 2276-11-0 The council is therefore in a position to meet Rs 9756-8-0, being half the cost over the original estimate for the work and also to keep the minimum closing Balance

48) The D C Kolar Dnl requests sanction for the following — 1) Sanction to the revised estimate for Rs 33,258/- for the construction of the Town Hall Building 2) Sanction to meet a sum of Rs 9756-8-0 for the work from the funds of the municipality and (3) Sanction to a grant of Rs 9756-8-0 by the Govt for the work

49) The recommendation of the D C is favorable

No. M5.6.1179-42/Two

Office of the Deputy Commissioner,
Kolar Dated 7th July 1943

To

The Secretary to Government of Mysore,
Law Department, Bangalore

Sir,

Adverting to correspondence ending with your letter No L 914 M147-40-109 dated 28-6-43 re the construction of a building for the Town Hall in the Goribidanur Minor Municipal Area at an estimated cost of Rs 13,740/- as per plan and estimate sanctioned in G.O No L 2033-36/M1 49-40-93 dated 10-5-43 I have the honour to state that the work was entrusted to the Public Works Department and the work has been in progress

In the meanwhile, the Municipal Council desired that the basement level of the building be raised by three feet above the level provided for in the sanctioned plan and estimate and also to construct two rooms and a hall in the rear The Executive Engineer, Kolar Division, considered that in view of the existing road level in front of the spot of the Town Hall building, it would be better to raise the basement level to 96' and has worked out that the alterations proposed by the Municipal Council, in regard to the construction would involve an extra cost of Rs 7,300/- on a rough estimate He has further intimated that, owing to lapse of time, since the preparation of the original estimate, during which conditions have changed a good deal, the work would cost Rs 3,500/- more than the sanctioned estimate, if the work is pushed through, in accordance with the original plan and that with the alterations proposed afresh by the Municipal Council, the revised estimate for the work would be Rs 26,940/- further, the Executive Engineer, has furnished an alternative scheme for construction of the building at a revised estimate of Rs 21,000/- A copy of letter No 846 dated 8-3-43 from the Executive Engineer, Kolar Division, in this matter is herein enclosed for favour of reference

On consideration of the Executive Engineer's views in regard to the proposal for alterations in the plan of the building, the Municipal Council have agreed to pay the extra cost, subject to sanction of 50% thereof as Government grant A copy of their resolution of the

(3)

Council passed at their meeting on 23-5-43 being the last resolution on this subject is herein enclosed for favour of reference The Council have urged also that the payment of tools and plants charges (Viz , Rs 2400/-) provided for this work may be waived

I consider that the alterations proposed for the building both as regards the raising of the basement level and as regards putting up a basement Hall with two rooms are very desirable, though they involve very heavy additional cost As the Municipal Council have agreed to bear their share of the extra cost, I consider that alterations proposed may be allowed in the plan and I recommend that Government may be moved to sanction a grant of Rs 6850/- being half the extra cost involved in the alterations I request you therefore to be good enough to obtain sanction of Government to revise the plans and estimates for this work accordingly, to sanction ~~ax~~ a grant of Rs 6,850/- for this purpose from out of the Town Improvement Grant of this year and to authorise the Executive Engineer to push through the work without waiting for sanction of the revised plans and estimates in view of the long delay already caused in completing this work The waiving of the tools and plants charges urged by the Council does not appear to call for consideration

The favour of early orders is solicited, as the Executive Engineer is pressing for early instructions in the matter

I have the honour to be,
Sir,
Your most obedient servant,

for Deputy Commissioner, Kolar
(Absent from H.Qrs)

KRI/

Copy of letter No 846 dated 8-3-43 from the Executive Engineer, Kolar to the Deputy Commissioner, Kolar/District Kolar

(4)

Re Construction of a building for Town Hall at Goribidanur

I Adverting to your letter No A5 C 11/9/42 dated 24-2-43 stating that your opinion in respect of providing basement floor will be furnished on receipt of estimate etc , I have the honour to state that the construction of basement floor with the accommodation of one hall 56' x 28' and two rooms at one end is estimated to contribute an excess of Rs 7,500/ nearly over the sanctioned estimate for Rs 13,740/- Besides, the accepted rates of the contractor for the work will contribute an inevitable excess of Rs 3,500/- as per sanctioned estimate Further, the levy of establishment, tools and plant charges at 10½ % over the revised figures exceeds and other minor deviations, in the construction will add a further excess to the extent of Rs 2,400/- In all the revised estimate embodying the proposal for basement floor will amount to Rs 26,940/- as per particulars noted below

1)	amount of estimate as sanctioned including establishment, tools & plant charges @ 10½%	Rs 13,740/Rs
2)	excess due to tender	3,500/-
3)	raising the basement above the sanctioned height as communicated in your No A5 PR 131 42-43 dated 6-11-42	7,500/-
4)	establishment, tools & plant charges over the revised amount and minor excess due to other reasons	2,400/-
	Rs	26,940/-

2 Thus the proposal for providing basement floor will involve a total net excess of Rs 26,940 - Rs 13,740 = Rs 13,200/- Since the materials such as iron bars, cement and R S Joists required for R C C roof are not supplied as yet and this cost also will be very high due to international conditions the possible excess on this account cannot be correctly estimated at this stage However, it may be stated for your kind information, that it is not possible to work out the proposal, at any reduced amount unless the idea of ~~providing~~ forming basement floor is completely dispense with

As an alternative and to enable you to furnish your definite opinion

(5)

in the matter, I wish to state that, if the basement floor is deleted and the mere filling up of the gap to the present basement level and that of completing the remaining portion of the buiding as per sanctioned proposals is considered enough, the revised estimate may come to about Rs 21,000/- as per particulars noted below -

1)	Amount of estimate as sanctioned	Rs 13,740/-
2)	Raising of basement to the present level filling the gap	Rs 2,200/-
3)	Excess ~~or Ex~~ due to tender	3,500/-
4)	Extra establishment, tools and plant charges and petty excess here and there due to other reasons	1,300/-
	Total amount	20,740/-
		or say Rs 21,000/-

The second alternative proposal, as per particulars furnished above, will involve an excess of Rs 21,000 - 13,740 = 7,260/- only which may perhaps be within the easy limit of the financial position of the Municipality

I therefore request you kindly to consult the Municipal council and furnish your definite opinion in the matter, so that a detailed revised estimate with or without the provision for basement floor may be prepared and further action taken to proceed with the work Since the work has been stopped at the basement level and the Superintending Engineer, Mysore Circle, is observing the delay in the completion of work, the favour of a very early reply in the matter is requested

---

No C 1179-42

Office of the Deputy Commissioner
Kolar District, Kolar,
Dated 14th October, 1943

Dear Sir,

In inviting your kind reference to my letter of even no dated 7 7 43 soliciting orders of Government to allow certain alterations in the plans and estimate for the construction of the Town Hall at Goribidnur as proposed by the Municipal Council and to sanction an additional grant of Rs 6850/- from general revenues for this purpose, I write to state that orders are yet awaited. The Executive Engineer, Kolar Division, has since written to me saying that the contractor to whom the work was entrusted has been urging for increase in the rates by 30% over the sanctioned estimate on account of the increase in the price of materials like lime, stone, wood and iron and that orders of Government may be obtained early to resume the work I am therefore to request you to obtain early orders of Government on the proposals made in my letter referred to above

F T O

so that further necessary action may be taken early

To

The Deputy Commissioner,
Kolar District.

Sir,

With reference to the correspondence ending with your letter No.C.1179-42 dated 14th October 1943 regarding the construction of a Town Hall at Goribidnur, I am directed to state that the basement may be raised and the building constructed according to the original plan, the question of additions to the building being taken up after the return of normal times.

I am accordingly to request that the modified estimate for Rs.21,000/- for the said work may be got prepared by the Executive Engineer and submitted to Government early. The records accompany for necessary action and retransmission with your reply.

I have the honour to be,
Sir,
Your most obedient servant,

Sd C.Narayanaswami Naidu

Subj Construction of Town Hall, Goribidnur.

Sir,

With reference to correspondence ending with your letter No L.4675 M 1 69-43-6 dated 3/11/43 calling to detain a revised estimate for Rs 21,000 for the above said work, I have the honour to forward herewith the revised estimate for Rs 27,400 received from the Executive Engineer, Kolar with his No.35/6 dated the 17th instant and to state as follows

It is reported that the work has been resumed and that the outlay up to the end of may 1944 is Rs 5200/ The Executive Engineer, Kolar has intimated that the present contractor Mr Annamalai Mudliar has agreed to complete the balance of the work at 40% more than the original estimated rates, while on the other hand if fresh tenders are called for, the cost may go even upto 70% more than the original rates A copy of his letter No 2682 dated 21/6/44 addressed to the Superintending Engineer, which explains the rates accepted and the present stage of the work is enclosed for kind reference The revised estimate for Rs 27,400 included "Tools and plant charges" amounting to Rs 1470 as against Rs 2400/ provided for in the original estimate, the payment of which the Municipal council has been urging to be waived as

(B)

as recommended by my predecessor in this office letter of even number dated 7/7/43. From the copy of the resolution of the Municipal council passed in their meeting on 23/5/43 which was sent to you with the above said letter it is seen that the Municipal Council is agreeable to bear half of the extra cost involved in revising the estimates owing to the high rates of the building materials and the increasing rates of labour the anticipated estimate of Rs 21,000 had to be exceeded and as the minor Municipal Council has no sufficient funds to meet the extra cost, I recommend that government may be pleased to sanction from the Town Improvement grant for the current year, a grant of equal to half of the extra cost

I have directed the President of the Municipal Council to make arrangements to pay the remaining half of the cost with a short notice As the work is pending from a along time I request early orders of government to sanction the revised estimate and the government grant early so that the executive Engineer may be authorised to expedite the completion of the work.

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner,
Kolar District.

(14)

Letter No 2682/1file dated 21st June 1944 from the Executive Engineer, Kolar Division, Kolar addressed to the Superintending Engineer, Mysore Circle, Mysore, copy of which forwarded to the Deputy Commissioner, Kolar District, Kolar

Subject - Constructing Town Hall at Goribidanur

With reference to your No 18607 dated 14th June 1944 I have the honour to furnish the following particulars.
1 The above work was started in August 1942
2 The outlay upto 1-1-1943 is Rs 3700/- and outlay upto end of 31-5-1944 is Rs 5,200/-

3 The Assistant Engineer, Chickballapur, reports in his No 1618 dated 9-4-1944 that the present Contractor Mr Annamalai Mudaliar is prepared to do the balance of works at 40% more than the estimated rates On the other hand, if fresh tenders are called for, it may go even upto 70% more than the estimate as is the case in almost all the building works in this Division Hence the case of Mr Annamalai Mudaliar is recommended for approval

4 The original sanctioned estimate for this work is Rs 13,740 and the revised estimate including this 40 % works out to Rs 26,800/- The extra cost involved is Rs 13,060/- and the Deputy Commissioner, Kolar, has in his No I Dis A5 c 1179/42-43 dated 7th July 1943 addressed to the Law Secretary to Government stated that the extra cost will be met equally by the Municipal Council, Goribidanur and Town Improvement grant

5 The Muncipal Council, Goribidanur, in their Meeting held on 19th August 1942, resolved that the basement be raised to 3ft above the road level since the site was very much lower than the adjacent road level, The ground level was 92 00 and if the basement were raised by 3 ft as desired by the Municipal Council, the floor level came upto 95 00 which was 1 ft lower than the road level Hence the same had to be raised to 96 00 and approval of the Deputy Commissioner, was obtained only on 7th October 1942

Again the Muncipal Council, Goribidanur, in their Special Meeting held on 13th October 1942, that the plinth level be raised to 2 ft and provide a Cellar room Ultimately the Government in their Order No I 4675/M 1 69 43 6 dated 3rd November 1943, directed that the basement be raised and the building constructed according to the orginal plan Since much time was lost in settling the question of basement level, the contractor is not responsible for the delay

To

The Secretary to Government of Mysore,
Revenue Department, Bangalore

Subject Construction of a Town Hall at Goribidnur

Sir,

In inviting your kind reference to this office letter of even No dated 10/8/44 addressed to the Secretary to Government, Law Department, Bangalore, I have the honour to state that the town hall at Goribidnur, for which foundation was laid in 1939 has not yet been completed The delay is ascertained to be due to the rise in prices of building material The Contractor is prepared to undertake the work at a 40% more than their requoted rates

The original estimate was prepared for Rs 13,740/- and the amount of the revised estimate is Rs 21,000/- Consequent on the approval of Government to raise the basement by three feet the amount mentioned up high After the resumption of work another revised estimate was prepared for Rs 27,400/- since the contractor claimed to execute the work at rates 40% more than the original estimate

The Municipal Council have agreed to pay half the

half the cost in their resolution dated 31/5/43

(16) The revised estimate has not been sanctioned till now As the people of Coorbidrur are very keen to have the building completed (vide No 26/46-47 - Resolution dated 18/8/46) sanction of Government for the revised estimate of Rs 27,000/- may be kindly obtained early A report received from the President, Coorbidrur Municipality with his No 26/46-7 dated 9/9/46 is enclosed for favour of perusal

I have the honour to be,
Sir,
Your most obedient servant,

Deputy Commissioner.

Date 9/9/46

Sir,

In enclosing herewith a copy of the Resolution passed in the municipal Council held on 18-8-46, That the construction of Town-Hall in Gowribidnur was commenced in 1939 when Dewan laid its foundation but the building is yet far from completion The delay I understand is on the part of the Contractor of whose Tender the public Works Department accepted At present the work is at a stand still and the long delay of over ~~Seven~~ Six years with consequent rise in cost of construction and impair in the strength of works has caused feelings of annoyance and disgust with many in the public In fact locally the construction of this Town Hall is talked of as a proverbial case of inordinate and Scandalous delay

The municipal Council in its meeting on 18-8-46 has resolved that the Department should be addressed

(b)

to resume and hasten the work and the matter may be brought to the personal notice of Dewan Sahib

In the circumstances I beg to request you to kindly address the private secretary to Dewan, sending him a copy of the Resolution of the municipal council.

A spare copy of the Resolution is enclosed

Re - Construction of a building for the Town Hall at Goribidnur

Sir,

With reference to your letter No L 12238 dated 7th-March 1947, on the above subject, I have the honour to return herewith the U O file No 32 dated 17-8-1941 as desired and to inform you that in G O No P W 2931-3/S dated 15-11-1941, an estimate amounting to Rs 13,740/- for the above work was sanctioned The work was entrusted to one Mr Annamalai Mudaliar on 15-5-1942 after calling for tenders The work was started in August 1942 and would have been completed, but for the fact that the Municipal Council, in their No M C 67/42-43 dated 8th September 1942 addressed the Executive Engineer, Kolar Division to raise the basement and provide cellar rooms to serve as lunch rooms The work was therefore stopped and the Deputy Commissioner was requested by the Executive Engineer to intimate his opinion in the matter He is seen to have finally given his opinion on 13-11-1943 stating that the basement might be raised and the building constructed according to the original plan A period of nearly one year and 2 months elapsed and the tendered contractor Mr Annamalai Mudaliar pleaded his inability to continue the works at his tendered rates due to the abnormal conditions then prevailing He urged for being paid 40% above estimated rates Even this became unworkable subsequently The Executive Engineer was instructed to call for tenders for th the balance works He called for tenders accordingly fixing the last date as 20-11-1946 In response the following two contractors tendered for the work

(1) Mr Annamalai Mudaliar
(2) Mr Narayana Gowda

These two tenders are herewith enclosed for perusal and return, together with a comparative statement The disposal o these tendrs is within my powers as the total cost does not exceed Rs 35,000/- But before this is done approval of Government is necessary to incur expenditure in excess of the origina sanctioned estimate which is roughly (Rs 33,253 - 13,740)- Rs 19,513/- on the basis of the tender of Mr Narayana Gowda or (Rs 31,067 - 13,740) = 17,327/- as per the tender of Mr Annamalai Mudaliar

This means that the sanctioned estimate is more than doubled and whether this excess has also to be met in the same proportion as the original estimate of Rs 13,740/- which was ordered to be met in equal proportions between the Government and the Municipality in G O No L 8023-26/M1 47-40-93 dated 10th May 1941, is a point for consideration I request that orders of Government on this point and approval sought for in para 1 above to incur the excess expenditure may kindly be conveyed early and the tenders returned so that they may be disposed and a revised estimate submitted to Government thereafter for sanction

I have the honour to be,
Sir,
Your most obedient servant,

Chief Engineer for R & B

Sir,

Subject:- Construction of Town Hall Building at Goribidnur.

With reference to your letter No. L.15209/I.R. dated 30th April 1947 requesting me to obtain and forward the views of the Municipal Council as regards ways and means of pushing through the construction of the Town Hall as per revised estimate, I have the honour to state that the Municipal Council, at their meeting held on 7th June 1947 have resolved that the revised estimate for Rs 33253/- for the work may be accepted and that half the cost of the revised estimate may be met from the Municipal funds, provided the work should be completed within four months The construction work of the Town Hall building is very much delayed and the Council feel that it may not be completed unless the contractor is bound by certain conditions The council proposes that the contractor should be made to show a progress of Rs 5000/- every month

2) The financial position of the Municipality as it stood on 1/6/1947 is noted below:-

Opening Balance on 1/7/46	Rs	14901-6	1
Receipts upto end of May 47		21775 5	7
Total		36676 6	8
Payments upto end of May 47		13146 7	5
Closing Balance 1/6/1947		23529-15-3	

3) In addition to this, the municipality has deposited in the savings Bank account a sum of Rs 2276-11-0 The council is therefore in a position to meet Rs 9756-8-0 being half the cost over the original estimate for the work and also to keep the minimum closing balance prescribed by Rules

4) I request you to kindly obtain sanction of Government to the revised estimate for Rs 33253/- for the construction of the Town Hall Building and also to meet a sum of Rs 9756-8-0 from the funds of the municipality for this work, an equal amount of Rs 9756-8-0 being sanctioned as an outright grant by Government from the Town
